# Data Release, Data Use and Publication Policy

49th Annual Drosophila Research Conference: modENCODE workshop
Susan Celniker
Lawrence Berkeley National Laboratory

modENCODE Working Groups

ENCODE Project Policy

OAL: Rapid data release to the scientific community

http://www.genome.gov/10005107#3

ata Release Principle and Standard

ncode Publication Policy/Intellectual Property Considerations

ata Release Standard for the First Level of Verification

NCODE Intellectual Property Issues

modENCODE Project Policy

OAL: Rapid data release to the scientific community

n the process of being reviewed for the modENCODE project

ata Types Defined

uality Standards

erification - reproducibility eg biological triplicates for array studies

alidation - confirmation by independent means - RT-PCR of array data
